

EIGHT STILL ARE TAKEN IN CLAY CO.

Woman Trained By Officers, But Warned Brother, Who Escaped Over Trail

Eight stills and 4,000 gallons of "still" beers, together with mash and other ingredients, have been taken by officers in Clay county, after trailing a woman through woods and ravines, leading their horses at times when the trail was so obstructed as to render riding impossible. No arrests have been made, through the efforts of a brave and persistent young woman, said to be a sister to one of the makers of liquor, who led the officers in the race for the still.

KENTUCKIAN MAY BECOME CABINET MAN

Washington, July 20.—During the visit of Gov. James M. Cox here to confer with President Wilson, Representative A. B. House, of the Sixth Kentucky district, was mentioned frequently in democratic political circles as a possible candidate for Postmaster General in case Gov. Cox was elected President. In view of the fact that Kentucky was the only state except Ohio, that was instructed for the Ohio Governor, it is thought generally that, if he is elected, Gov. Cox in all probability would turn to Kentucky for one of his Cabinet members.

STATE FAIR A HUMMER

At the Blue Grass Fair, Lexington, August 13 to 18, prizes amounting to \$115,000 will be awarded, making the event the third largest event in the world. Increases in every department are shown. Not only is the \$40,000 list for fat and feeding cattle retained, but several of the minor prizes in the beef division have been augmented. The outstanding event of the horse department this year again will be the \$10,000 five-gaited saddle horse contest for the championship of the world.

AMERICANIZATION

Plans for putting into effect a permanent Americanization organization program through means of a state commission, will be completed at the second annual convention of the Kentucky Legion, which has been called by Ulric J. Bell, State Commander, to meet in Louisville, September 3 and 4.

The convention call, which goes to each one of the 135 Legion Posts in Kentucky, covering a membership of 15,000, state that besides the one representative to which every Legion Post is entitled, each will be entitled to an additional delegate for each 100 members in the Post.

WILHELM'S SON KILLS HIMSELF BY SHOOTING

Berlin, July 20.—Prince Joachim youngest son of the former Kaiser, shot himself. He was hurried to a hospital where he died four hours later.

LIGHTNING KILLS HORSE; OFFICER MUST NOW PAY

Washington, July 20.—Mounted Police Officer Everett Grimes, of the Chevy Chase district, will not have to make up from his own pocket the full value of the horse which was struck and killed by lightning while he was riding it on his regular beat. The authorities ruled that notwithstanding the horse was killed in the performance of duty, Grimes would have to make good the loss.

LOST—Saturday on Barnes Mill pike or between Richmond and Miles Hise place, fob with clover leaf. Suitable reward if returned to Ben T. Tudor. 174-21

SIX MILLION AWARD TO RAILWAY WORKERS

Immense Award Affects Every Phase Of Employment Connected With Railway Work

(By Associated Press) Chicago, July 20.—The United States Railway Labor Board today awarded wage increases of approximately 21 per cent, or \$600,000,000, to approximately 2,000,000 railway workers. The award is retroactive to May 1 this year and is about 60 per cent of the billion-dollar increase which the men sought.

Increases include passenger service engineers, firemen and helpers, 80 cents per day; conductors, baggagemen, flagmen and brakemen, \$30 a month.

Freight service—Engineers, firemen and helpers, conductors, flagmen and brakemen, \$1.04 per day.

Yards service—Engineers, firemen and helpers, 18 cents per hour, and new wage schedules for foremen, helpers and switch tenders are fixed at \$6.98, \$6.48 and \$5.04 per day.

Section hands get an increase of 15 cents an hour; labor in shops and round houses, 10 cents an hour, and all common labor around stations, 8 1-2 cents an hour.

May Be Too Late

Whether the award will stave off the threat of a general railroad strike remains to be seen. Union leaders have arranged to immediately present the award to 1,000 general chairmen who gathered here to pass on its acceptability and to arrange a referendum vote for which a month will be required.

Meanwhile, railroad officials are said to be planning to file a new rate increase to meet the award. E. T. Whiter, representative of the roads, said that an 18 per cent freight rate increase would be necessary.

The board in making the award said it had "endeavored to fix such wages as will provide a decent living and secure for wage earners' children an opportunity for education, and yet to remember that no class of American should receive preferred treatment, and that people must ultimately pay a great part of wage increases."

RAILWAY MEN ACCEPT

(By Associated Press) Louisville, Ky., July 20.—The 12,136 railroad employees here through a spokesman approved the railroad labor board's award, saying, "Since it met our requests more than half way, it is satisfactory." The award will increase the pay from \$1,600,000 to \$1,900,000 monthly.

Campaign Plans

Louisville, Ky., July 20.—The date for the meeting of the Democratic State Central Committee to plan for the campaign has been changed to July 27 instead of July 24.

Moore Refuses National Democratic Chairmanship

(By Associated Press) Columbus, Ohio, July 20.—Governor Cox, Democratic presidential nominee, today announced that Edmund H. Moore, Ohio's national committeeman and the governor's convention manager, has definitely and finally refused the election as chairman of the National Committee with its duty of managing the national campaign.

Cox Optimistic Over Future In Kentucky

Washington, July 20.—"I am very optimistic over the prospects for a Democratic victory in Kentucky," Governor Cox told Joe Morris, of Newcastle, secretary to Congressman Cantrill. Morris, with South Trimble, of Franklin county, called on the governor at the home of former Congressman Ansberry, of Ohio, where Cox was a guest.

Urge Ratification Of The Suffrage Movement

Columbus, O., July 20.—The Democratic National Committee today unanimously adopted a resolution urging the Tennessee and North Carolina legislatures to ratify the federal woman suffrage amendment.

WEATHER FOR KENTUCKY

Fair tonight and Wednesday.

PLEDGE OF COX PLEASING TO MANY

Washington, July 20.—The pledge given by Governor James M. Cox to carry out President Wilson's League of Nations policy, if elected to the presidency, excited a variety of comment among democratic leaders here.

Senator Gilbert M. Hitchcock, who led the fight for the treaty in the Senate, was pleased thoroughly with the Governor's statement. He believes that it will mean the prompt ratification of the treaty if Cox wins, and that such reservations as need to be adopted to insure ratification will not be of a nullifying character.

Just before leaving for Atlantic City, Senator Hitchcock expressed the opinion that the promise given to the President by Gov. Cox will insure the support of all the administration following for the Cox-Roosevelt ticket.

DEMOCRATS DEMAND OPENING OF BOOKS

Columbus, O., July 20.—Demand for an open book of campaign contributions is to be made by the Democratic National Committee before it concludes its session here.

This will come in the form of a resolution requesting United States Senator Atlee Pomerene, of Ohio, as a member of the subcommittee of the Senate Committee now investigating corrupt political transactions, to call upon Chairman W. S. Kenyon, of Iowa, for a continuous session of that body while the campaign is in progress.

The sitting is not to be continuous, but the committee is to be ready to respond to summons.

TWO DAYS' SESSION IS BEING DEMANDED

Columbus, O., July 20.—While the Democratic national committee is in session here the Democratic State Committee will be in session here at state headquarters arranging for the state convention in Columbus some time in August, probably about August 17. It was thought at the outset, that the convention would occupy only one day, but there is a strong demand for a two-day session.

The "Pilgrims of San Francisco" desire an opportunity to vent their feelings on the great gathering.

Lee Harvey Of Fayette Is Killed By A Tenant

Lee Davis Harney, who was engineer in the Fayette county court house under the Fusion administration from 1909 to 1913, and who had been farming in Nelson county for some years, was shot and killed by a tenant on his farm four miles from Bardstown.

ROAD BID REJECTED

At a special meeting of the Fiscal Court Tuesday, one bid received for the improvement of the highways near Red House, was rejected, being about \$4,000 above the estimate, and the matter was referred to County Road Engineer J. G. Baxter, who will take up the proposition with the intention of having it settled amicably and within as short a time as possible.

The fact that the work was extensively advertised and that but one bid was received, was the result of the reports, was surprising to the Court, together with county officials who expected a goodly number of bids.

"There will be a way out of it," said Road Engineer Baxter, "and it will be settled, I think, and work started within a short time, for the single bidder shows a dearth of contractors able to take care of the work at this time, and it is known that this work is to be hurried."

WATER NOTICE

The water supply for the entire city will be turned off on Wednesday, July 21st, from 8 A. M. to 6 P. M. for the purpose of disconnecting the main on East Main street.

Special care should be taken with reference to fire. Richmond Water & Light Co. Incorporated

SUMMER SCHOOL TO CLOSE THURSDAY

Most Extensive and Intensive Work of Years Characterizes Close This Week

Summer school at Eastern Normal will close on Thursday with an interesting program. The session this year has been one of the most successful since the establishment of the institution, while the attendance has been a record-breaker. The faculty has been steadily engaged and the records for the summer weeks have been very beneficial, according to the statements of the instructors.

There will be a pause in the operations at the school, which have been steady for months, but work incident to the opening of the fall school will soon be under way. The work on the new dormitories will soon be started and considerable improvement work will be in evidence. There will be a slight deviation this year from the regular routine since there will be special fire drills and other physical exercises not included in the regular programs heretofore. The work closing with the summer schools has also been the most extensive as well as intensive for years. The extension work, new method of bookkeeping, correspondence and other features connected with the school add greatly to the interest, and plans are being made for the largest enrollment of students in years on and before the opening of the fall term.

KENTUCKY BLUEGRASS

Washington, July 20.—Production of bluegrass seed in Kentucky is estimated to be 450,000 bushels by the Bureau of Markets. The report indicates an average five to ten per cent greater and in yield 25 per cent greater than last year.

The preliminary survey made early in June had indicated an acreage this year slightly less than last.

Kentucky Sheriff Killed

Louis, Ky., July 20.—E. E. Webb, deputy sheriff of Lawrence county, is dead of wounds received in a battle with Paul Wellman, of Catlettsburg, whom Webb tried to arrest. Webb killed Wellman in the battle.

Bell County Deputy Killed Near Pineville

Pineville, Ky., July 20.—James Adams, a deputy sheriff of Bell county, was shot and killed at Wallins, Harlan county, by Jesse Jumps, a Harlan county deputy sheriff.

The killing occurred just as the Benham-Pineville passenger train pulled into the Wallins depot. It is said Adams had been drinking and had moonshine liquor in his possession.

Mrs. William Embry Dead At Red House

After an illness of many months, Mrs. William Embry succumbed at her home at Red House Monday afternoon at 4 o'clock. She had been a faithful member of the Baptist church at Red House since her early childhood. A husband and seven children are left to mourn the loss of a loving wife and mother. Also, three sisters, Mrs. Jack Cosby, of Green City, Mo.; Mrs. E. M. Forbes, of Minier, Ill., and Mrs. Stone Butner, of Calcast; two brothers, Horace and Ross Dozier, of Red House. Funeral services will be held at the church at Red House Tuesday afternoon at 3 o'clock. The body will be laid to rest in the old family burial ground.

RAILWAY CIRCUS ATTRACTS BIG CROWD

The Rhoda Royal Railway show held the boards in Richmond on Tuesday and there were apparently many able to "take time" to go to the circus, which accommodated a large sized crowd which was treated to an entertainment the quality of which surprised many. There was preceding this a very creditable street parade, witnessed by a large number who waited long and patiently. However, they were rewarded with several actually new features for a circus parade. A team of elephants drawing an exhibition wagon, some rare birds and animals, etc., together with regular circus music, brought the genuine circus spirit, and there is every indication of a big attendance at the night performance.

SHAMROCK LEADS BUT RACE IS NOT FINISHED

(By Associated Press) Sandy Hook, July 20.—Sir Thomas Lipton's Shamrock IV, sailed over the starting line slightly ahead of the American defender, Resolute, in today's race for the American Cup, and rounded the first mark 600 yards in his lead. But the boats were drifting and in the absence of a breeze, it is probable the race will not be finished in the time limit.

Fertilizers For Wheat

With 16 per cent acid phosphate costing more than \$30 it becomes a question in the minds of some farmers as to whether or not it will pay to use this high priced phosphate on wheat. Prof. George Roberts, head of the Agronomy Department of Agriculture, says it will.

September Rape Crop Saves Tankage Cost

With tankage being worth approximately \$120 a ton it will be highly profitable for the farmer to sow in corn a crop of rape which can be hogged down in September and the cost of feeding tankage largely offset. From the middle to the last of July is the best time to sow rape to be hogged down in the fall.

PROPERTY SELLS WELL AT AUCTION-SALES NOW

James W. Lamb, administrator of the estate of the late C. L. Lamb, reports a most successful sale of his brother's property at the farm on the Boggs' Lane, good prices prevailing in every respect. Livestock sold, especially cows and hogs, together with household furniture, brought good prices. There is a great demand for all kinds of house furniture, Mr. Lamb stated, at the present time, as well as farming implements.

ANNUAL INSPECTION OF STATE NURSERIES IS ON

The annual inspection of Kentucky nurseries, required by the state law, has begun and it is important that those having stock entitled to inspection should notify the state entomologist at once so that their premises may be examined when the inspector is in the section of the state in which nurseries are situated.

Smut Fan Saves Money

From an insurance rate amounting to \$80 per thousand to nothing is quite a drop, but E. J. Doone, president of the Whitman County Farmers' Union, of Oakesdale, Wash., asserts that smut-collecting fans devised by the experts of the United States Department of Agriculture has done that for him. Moreover, his wheat threshed from very smutty grain sold at a discount of only 1 per cent.

YOUNG GIRL'S FIRST DRINK AND THE RESULT

A young Lexington girl, 18, went out with some young men and women on her first "party" one day last week. She was induced to take a drink of brandy—the first drink she had ever tasted. Three hours later she was taken to a hospital in convulsions. The next day she was permanently blind. The brandy was made of wood alcohol. The other members of the party only suffered slightly.

HIGH SCHOOL WORK HAS BEEN HELD UP

Contract Work May Prevent Opening On Schedule Date For Fall Term

Bids which were to have been received and contracts let for the improvement of the Madison High school Monday night were held up, and will be considered on Tuesday night, when Mr. Weischmeyer, an architect for the firm of Nevin & Henry, Louisville, will be present at a meeting held and explain the extent of some of the work to be done.

This may necessitate the postponement of the opening of the high school for a week, after the last of August. However, this is not definite. The contract, which will be for the alteration of the building in various respects, additions being built and the establishment of a gymnasium, will doubtless call for the work to be started at once.

It was stated Tuesday by Superintendent J. Howard Payne, of the city schools, that the Caldwell school would be opened at the usual time, and it was yet a question whether the high school building work could be finished.

During his vacation Mr. Payne has remained in the city looking after the interests of the schools, having in mind the great amount of work of a preliminary nature, looking toward the advertising for bids, letting of the contracts and seeing about the accomplishment of the work after the contracts have been let. There will be a meeting of the board again on Tuesday night, as well as soon thereafter, at which time the members will be informed as to the progress of the work and the time required to finish the same, with the intention of getting the school under way on schedule time if possible.

WILL REFUND FINE RECENTLY ASSESSED

"A man may be down, but he is never out," according to the Salvation Army slogan, but it was neither with Chief of Police Devore, however, he was broke—financially embarrassed, in other words—and made to confess the exasperating fact in public.

It came about through a man named Payne, recently arrested, according to the records of the court, on an intoxication charge. He being unsophisticated in the art of handling matters pertaining to "getting under under," represented that he was guilty, and a fine of \$20 and costs, aggregating an outlay of \$23.60, which was assessed, was paid. Later, it seems that he met up with a friend who was a lawyer, and a change made in the plea, the man stating he was not guilty, and asked for a new trial. This resulted in his being cleared of the charge through the efforts of the attorney. The money was ordered returned, but Chief of Police Devore had just turned the receipts over to the city and admitted that he was virtually penniless. The amount was ordered paid back to Payne. It developed that the man, who was peculiarly afflicted, had been wrongfully fined, his condition having been misinterpreted.

Students Responding; Scrolls Well Under Way

The schools of the county are well under way, according to County Superintendent B. F. Edwards, a large attendance reporting at the opening Monday teachers all assuming their posts and arranging the opening studies, classes, etc., an arranging the list of books necessary for some. There is a good patronage at the book stores as result of the opening of schools, since there is usually a great demand for books at the start.

Infant Dies

Mr. and Mrs. Jack Hardin have the sympathy of their friends in the death of their infant daughter, which occurred Monday at the home of Mr. E. E. Adams. Funeral services were conducted at the grave Tuesday morning by Dr. Homer W. Carpenter.

Belgium has granted request for the exhumation of bodies of American soldiers and the work will be started soon. Some will be brought to America while others will be buried in the American cemetery in France.

CONTRACTS FOR NEW DORMITORIES

Will Be Let Immediately And Eastern Normal Capacity Will Soon Increase

Architect E. A. Webber, of Cincinnati, arrived in Richmond Tuesday and will go into conference with the executive committee of Eastern Normal, for the purpose of considering and inspecting the bids of various contractors relative to the awarding of the contract for the building of the new dormitory.

The construction of these much needed buildings, owing to the unusual demand for quarters, officers of the institution believe, will enable all students coming hereafter to obtain suitable quarters, together with the percentage which is always cared for by the residents of the city. It is the intention to get the contract work under way as soon as possible in order to complete the structures at the earliest possible date.

President Coates, of the institution, is of the opinion that many who were unable to be accommodated this term and who returned to their homes will return with the completion of the buildings. These will be modern in every respect.

PASSING OF PROMINENT WHITE'S STATION MAN

M. Jesse Maupin, a highly esteemed citizen of the White's Station section, died Sunday, aged about 55 years. Mr. Maupin was former post master at White's Station, was a devout member of the Christian church. He leaves a widow who was before her marriage, Miss McWilliams. Several children are left to mourn the loss of a devoted father.

Funeral services were held at his late residence Monday afternoon by Dr. Carpenter, burial in Richmond cemetery. A large number of friends followed the remains to their last resting place. The family and loved ones have the sympathy of many friends in their hour of bereavement.

MEMBER OF THE FEDERAL BOARD COMING HERE

A member of the Federal Board of Vocational Education, will be here in a day or two for the purpose of mapping out special work for incapacitated soldiers now at the institution. There are five at the local school. It is not known what plan he will pursue, however, it is understood there are special arrangements being made either here or elsewhere for work for the men during their vacation.

HERE FOR MORE TEACHERS

H. S. Cox, Superintendent of the Covington schools, who was in Richmond some time ago for teachers, is in the city again for the same purpose. He reports a number of vacancies in his home town, and is desirous of employing additional instructors, if possible. His second visit to Richmond would indicate that the large number of Richmond and Madison county teachers already there would have certainly made good.

CAMPAIGN TO CONTINUE

For the benefit of the automobile owners of Richmond and Madison county, who were unable to take advantage of the special offer on tires last week, the campaign will continue for a few days longer, according to the report given by Mr. Wearin, representative of Parker Tire and Rubber Company. Mr. Wearin is making his headquarters with the Richmond Welch Company. His proposition is very attractive and one that shouldn't be overlooked by car owners. Bring in your old tires and sell them for \$10 each and ride away on Parker Super Size Cord tires, guaranteed for 12,000 miles. 174-1

MAN MAKES DENIAL TO CHARGE OF LARCENY

When James Phelps, colored, was brought to the city Monday night and picked up in jail as a result of having "placed up" two small spring-wagon loads of coal, he stated, he was not guilty of larceny, since he just picked up a few small pieces of coal that dropped from wagons while en route. Phelps will in all probability be given attention in the county court at the next meeting.

Poles Repulse Attack

(By Associated Press) Warsaw, July 20.—The long awaited Bolshevik attack along the Styx river in Volynia began Monday, but was repulsed by the heroic work of seven Polish divisions according to an official statement today.

WANTED—Someone to take my place on the list of Ford Motor Car Co. Cal W. T. Olds, 423 R. 172-6

## LOOKING AFTER YOUR INTERESTS

The local coal men of Richmond met with the Kentucky Coal Dealers of the state in Lexington this week, for the purpose of solving the coal problems that are facing the country at this time.

You can take it straight from the dealers over this country, that you can't make a mistake in laying in your winter coal today.

We claim to have a coal that will suit you—WILTON JELICO COAL is established and we wouldn't handle any other kind.

Can there be any doubt that the higgling of the Germans over the terms of the treaty which they signed a year ago, is the direct result of America's not being in the League?

Can there be any doubt that they are playing for time, to see what the American people will do in November?

Can there be any doubt that if America endorses the action of those who kept us out of the League, the Germans will come out boldly and reject the treaty as another scrap of paper?

And this will mean war. Another Hindenburg Line will be stretched across Europe. What, then will America do?

## Wars are won with metal—save it.

Iron and steel are needed for tanks, guns, ammunition, ships, railroads, etc. Folks at home must save iron and steel to help win the war.

Use the old range until after the war.

Make your old range do a little longer by having it repaired. If it's past repairing, then the next best step is to buy the range that saves fuel, food and repairs. The Majestic's heat-tight riveting prevents fuel waste; its perfect baking prevents food waste, and its unbreakable malleable iron and rust-resisting charcoal iron make repairs a rare need.

MUNCY BROS.

Caution: If your Majestic needs new parts, get them from us. We will supply you with genuine Majestic materials—not light, inferior parts, made by scampers.

## Great Majestic

### SOCIAT. AND PERSONAL

#### Weekly Calendar—

Tuesday afternoon from four to six Mrs. Overton Harber has issued invitations to a Tea at her home on West Main street.

Tuesday afternoon, at two o'clock, the Nullo will meet with Mrs. J. J. Greenleaf.

Tuesday afternoon, at three o'clock, the Young Ladies' Mission Circle will meet with Miss Nettie K. Evans on the Summit.

Tuesday afternoon, at three o'clock, the French Mission Circle will meet with Miss Anna Mae Walker.

Thursday afternoon, Miss Mary Louise Deatherage will entertain at cards.

Friday afternoon, at three o'clock, Miss Mary Louise Deatherage has issued invitations to a 500 party.

#### Beautiful Tea

Miss Elsie Buchanan was host to a beautiful tea Saturday afternoon, honoring her house guest, Mrs. Francis Head Smith, of Lagrange. The room was exceedingly attractive, white hydrangeas and sweet peas being the chief decorations. In the receiving line were Miss Buchanan, Mrs. Smith and Miss Josephine Chenault. Miss Elizabeth Turley presided at the punch bowl. Assisting in entertaining were Mrs. Harold Oldham, Mrs. Joel Park, Mrs. Verner Million, and Misses Mary Catherine Jasper, Mabel Ruth Coates, and Bettie McCann Perry.

### Local People At White Sulphur

The Southern colony at White Sulphur Springs, W. Va., is fast assuming its usual size and is growing daily more brilliant as old time guests return to enjoy the social activities that abound there. Arriving there this week from Richmond were Mrs. Wm. W. Watts and Miss Emma Watts, who are popular members of the colony and who will remain through the summer.

Mr. Reed Juett spent Sunday in Cincinnati.

Mr. and Mrs. E. V. Elder motored to Crab Orchard Springs Sunday.

Mrs. Ellen Pieratt was called to Parker, Kan., by the serious illness of her son.

Mrs. Everett Witt and son, Neville, of Cincinnati, spent Sunday with friends here.

Dr. Verner Million, of Louisville, joined his wife for a week-end visit at Ellendale.

Miss Elizabeth Thomas, of Lexington, was the guest of Miss Zelia Rice for the week-end.

Mr. and Mrs. Overton Harber spent Sunday in Paris, guests of the latter's mother, Mrs. Wiggins.

Mr. and Mrs. S. G. Nelson, David Nelson, wife and daughter, spent Sunday in Cincinnati.

Mrs. Lizzie Muth, of Richmond, Mo., is the guest of her aunt, Mrs. James Burnside, on North street.

Miss Lee Rogers is at home from Columbus, O., where she was called by the serious illness of her sister.

Mrs. Nicholas Harber and children are visiting the former's parents, Mr. and Mrs. F. C. Burton, in Lexington.

Mrs. Ashby Jones and son, of Atlanta, Ga., are visiting the former's father, Mr. Charles Turner, near Kirsville.

Mrs. Margaret Boggs, of Bloomfield, arrived Saturday for a visit to her son, Dr. R. C. Boggs and Mrs. Boggs on the Summit.

Mr. and Mrs. R. J. McKee, Miss Louise McKee, Mrs. L. R. Blanton, and Miss Mollie Fife and Mr. Spears Turley, composed a pleasant motor party to Crab Orchard Springs Sunday.

### GLAD TO TESTIFY

Says Watoga Lady, "As To What Cardui Has Done For Me, So As To Help Others."

Watoga, W. Va.—Mrs. S. W. Gladwell, of this town, says: "When about 15 years of age, I suffered greatly... Sometimes would go a month or two, and I had terrible headache, backache, and bearing-down pains, and would just drag and had no appetite. Then... it would last... two weeks, and was so weakening, and my health was awful."

My mother bought me a bottle of Cardui, and I began to improve after taking the first bottle, so kept it up till I took three... I gained, and was well and strong, and I owe it all to Cardui.

I am married now and have 3 children... Have never had to have a doctor for female trouble, and just resort to Cardui if I need a tonic. I am glad to testify to what it has done for me, so as to help others."

If you are nervous or weak, have headaches, backaches, or any of the ailments so common to women, why not give Cardui a trial? Recommended by many physicians. In use over 40 years. Begin taking Cardui today. It may be the very medicine you need.

NC-138

party to Crab Orchard Springs Sunday.

Among the out of town people who were here Sunday to attend the funeral of Mrs. Ellen Tevis, were Mr. and Mrs. E. M. Walker, of Eminence, Mr. John Walker, of Hill House, Miss. Miss Frances Geiger, of Huntington, W. Va., Charles Colyer, of Fork Ridge, Tenn., Mrs. Ashby Jones, of Atlanta, Mr. and Mrs. Arch Walker, Mrs. Arch Kavanaugh, Mr. R. L. Walker, Mr. and Mrs. W. O. Rigney, Mr. and Mrs. F. E. Hudson, Mr. Shirley Hudson, Mrs. M. F. Denny, Mrs. T. M. Burnside, and Mr. and Mrs. W. B. Dickerson, of Lancaster.

### EDENTON

Miss Alberta Davis, of Cottonburg, spent Sunday with her cousin, Miss Flossie Warner.

Miss Geneva-Murphy was the week-end guest of her sister, Mrs. Herbert Teater.

Mr. and Mrs. William Bush entertained at dinner Sunday a few of their friends, as follows: Mr. and Mrs. Wilbert Smith, Mr. and Mrs. George Teater, Mr. and Mrs. Grover Warren and family and Mrs. Alex Warren.

Miss Sarah Belle Long, Newby, is visiting her brother, Jasper Long.

A. J. Warner, Letcher Bogie and William Hill spent Sunday in Crab Orchard.

Mrs. A. B. Clark and children spent last week with her mother, Mrs. Elizabeth Omstalt, in Gardard county.

Mr. and Mrs. William Coates and family spent Saturday and Sunday with Fount Whittaker.

Miss Georgia Warren was the guest of Miss Marietta Whittaker on Sunday.

Mr. and Mrs. Fred Howard and family visited Mr. and Mrs. W. T. Moberly, Sunday.

Miss Fannie Warner was the week-end guest of her cousin, Miss Christine Preston, on Scott's Fork.

Mr. and Mrs. Luther Reynolds and daughter, Thema, spent Sunday with Ashford Wylie.

With the resumption of trading in wheat, which was stopped during the way period, is planned for the board of trade to exercise strict supervision on operations in the pit.

### BUFFALO

Mr. and Mrs. Charles Benton visited their son, Luther, Sunday.

Little Belva Hale visited her grandmother, Mrs. Col. Hale, a few days last week.

Miss Effie Hale visited her cousin in Mrs. Mack Masters, Friday night.

Mr. Dick Cobb visited his mother-in-law, Mrs. Jake White, Sunday night.

Miss Susie Shearer spent the week end with Misses Effie and Maude Hale.

Mr. Jesse E. Hale spent Saturday night and Sunday with home folks.

Mr. and Mrs. Joe Mize and children are visiting her parents, Mr. and Mrs. Charlie Cox, at Panola.

Misses Effie and Maude Hale entertained a number of their young friends Saturday evening. Games were played and a delicious ice course was served. All reported a nice time. Those who responded to invitation were Misses Alma Cox, Lucille Ashill, Mattie, Pattie and Jala Wells and Susie Shearer; Messrs. Vernon Pigg, Guy and Burgen Cosby, Tom, Christopher and Robert Benton, Giles Cox, Arnett Taylor, Elmer Benge and Franklin Million and Charles Masters.

Mr. Ray Benge returned home on Tuesday after spending a few days with relatives at Panola.

### BRADSHAW MILLS

Mr. and Mrs. Frank Prewitt, of Richmond, are visiting Mr. and Mrs. Floyd Snyder of this place.

Miss Linda Sanders spent the week end with Mrs. Cameron Prewitt.

Mr. and Mrs. James Prewitt were visitors of Mr. and Mrs. L. W. Warmouth Friday.

Miss Mabel Prewitt spent the week-end with Mr. and Mrs. Earl Prewitt.

Mrs. Earl Prewitt and Miss Jewel Prewitt were in Lancaster Tuesday.

Mr. and Mrs. Cecil Umphrey, of near Nicholasville, spent the week-end with Mr. and Mrs. Grant Sanders.

Mr. Nathan Azbill, of Richmond, visited Mr. and Mrs. Floyd Snyder.

Mr. and Mrs. Jesse Prewitt and mother, Mrs. Tilda Prewitt, Mr. and Mrs. Eliza Prewitt and daughter spent Sunday with Mr. and Mrs. as Prewitt.

## Caring for Baby During Hot Spells

Be watchful of food and keep bowels open with Dr. Caldwell's Syrup Pepsin

THE young mother soon learns from experience that summer days are often days that try her patience. The heat makes baby peevish, restless and cross. Foods that in colder weather were easily digested, now seem to cause distress.

Whether the milk or the gruel is at fault, see that the bowels move regularly. There is nothing that causes greater discomfort in the summer than constipation. It heats the blood and causes nervousness, headache, fever, colds and a host of minor ills. In these little ailments it is always well to suspect constipation and give half a teaspoonful of Dr. Caldwell's Syrup Pepsin. It is a combination of simple laxative herbs with pepsin, and the most ideal medicine you can give a baby. It is mild and gentle in action, never gripes and tastes good.

**FREE** Millions of people of all ages suffer from occasional or chronic constipation. Let them send name and address to Dr. W. B. Caldwell, 512 Washington Street, Monticello, Ill., for a free sample bottle of his wonderful Syrup Pepsin. 8 million bottles were bought at drug stores last year, the largest sale in the world.

Mothers have had remarkable success with Syrup Pepsin. Mrs. C. M. Newton of 2409 E. Third St., Dayton, Ohio, has a son who was constipated from birth. She tried many medicines and gave warm water injections every evening for weeks, without benefit. Then she bought a bottle of Dr. Caldwell's Syrup Pepsin at a drug store, and it proved effective at once. The boy is now seven, and has not been constipated since. Wherever there is a baby these hot days there should be a bottle of Syrup Pepsin.

## MOVIES FOR SCHOOLS

(By Associated Press) Washington, July 20.—A "movie" machine in every public school to aid in the education of the children of the country, is the aim of the Visual Education Association, which has opened headquarters here.

Charles F. Hunt, secretary of the Association, says Congress will be asked to appropriate funds to co-operate with the states in carrying on the program, the expenses being borne equally by the federal and state governments.

While estimating the ultimate cost at \$19,500,000, Mr. Smith anticipated that this sum would be needed by installments and he announced that the association would ask for an immediate appropriation of \$5,000,000 available for expenditure during the next three years.

## INDICT HUN LEADERS

Berlin, July 20.—The report of the second subcommittee of the committee of investigation, on President Wilson's peace effort during the winter of 1916-1917, prepared by Professor Sinecimer, former Socialist member of the Reichstag, draws the conclusion that President Wilson's action made peace overtures possible, but that the German government, not availing itself of them, instead took a stand for unrestricted U-boat warfare.

The report, made available in full here yesterday, is signed by six members of the different political parties. It is a grave indictment of Germany's military dictators at the time.

## SPECIAL REGISTRATION IN RICHMOND SATURDAY

Saturday, July 24, will be special registration day in this city and all those who have not previously registered should go to the county clerk's office on that day and register if they wish to vote in the coming primary. If for any reason you were out of town, or have changed your place of residence, or if you become of age after election day you should not fail to register. It is the duty of every citizen to vote and it is hoped that no citizen of Richmond will be deprived of performing his sacred duty by failing to register.

## Volstead Is Nominated Candidate For Congress

Benson, Minn., July 20.—Congressman Volstead, author of the prohibition enforcement act, was declared a "duly nominated candidate" for congress in the Seventh Minnesota district over Rev. K. Vale in the district court decision here today.

## COLORED COLUMN

Mrs. Clarence Embry and little daughter, Rena; Misses Lucy B. and Hazel B. Clark, Eliza Miller, Eva Lee Fife and Birdella Fife spent Sunday in Cincinnati visiting Mr. and Mrs. Sammie Embry, Speedwell School.

We wish to thank the many friends for their kindness and sympathy shown us in the loss of our dear aunt, Hannah Ballew. We thank the preachers who so kindly officiated, the undertaker, W. H. Newman, who rendered us such splendid service. A chair is vacant in our home. Her voice is heard no more; but in that happy land we will meet again, where parting is no more. Sadly missed by the family. Her nephew—Mathew Ballew.

**Lewis—Parks**  
Miss Anna C. Lewis, of Lexington, and Mr. George W. Parks, of Richmond, were united in marriage at the home of the groom's parents, Mr. and Mrs. Wm. Parks, of East Main street, July 13, 1920. The ceremony was performed by Rev. Eli Yates, of Richmond. The bride is an attractive and talented young lady and comes from one of Lexington's most prominent families. The groom is a young man well known in Central Kentucky. Both have many friends who are greatly interested in the announcement.

## ESTILL MAN RELEASED

Turner Wells, against whom there is a charge of transporting liquor, was brought to Richmond Monday and placed in jail by an officer, but the prisoner was soon set at liberty, for he arranged bond in the sum of \$100 soon after his incarceration, and left for his home. He would make no statement regarding the action taken by Uncle Sam, but admitted he would be here when the court convened and be able to prove his innocence. This is the first one brought from this section of the country for some time, there having been a decided decrease in the operations there it is said, since the last term of the U. S. District court here.

## MARRIAGE LICENSES

Marriage license were issued Tuesday morning to George York, of Boone, Ky., and Miss Flossie Waddell, 19, of Berea, daughter of Mr. and Mrs. J. T. Waddell. The wedding will take place Tuesday evening, at the home of the bride's parents.

## "A WORLD OF FOLLY" ON LOCAL SCREEN TODAY

"A World of Folly," is the title of the second production in which Wm. Fox will present Vivian. Rich. as a star. It is at the local theatres today. Miss Rich's latest picture is adapted from the story by Jane Grogan, and is said to give her an exceptionally appealing emotional role. The story revolves around Helen Blair, a young wife who loves her husband but is neglected by him on account of business. She meets Termaine, polo champion, through his saving her two children from an impending auto accident and to show her gratitude, she invites him to her home. Termaine is engaged to Jeanne, with whom he lives. When he becomes too attentive to Helen she repulses him, and requests him not to see her again.

(Water Supply Then and Now)

From the ancient Egyptian water wheel to the modern automatic electric pump is a long stretch, but both of these pieces of machinery illustrate an institution which has had its existence throughout history wherever there has been any degree of civilization. The Egyptian along the Nile used the clumsy water wheel to lift water over the bank of the river and irrigate his fields. In small towns and cities the water supply consisted of a system of carriers who used pack animals bearing water bags made of skins. The Romans solved the matter of water supply by conducting the water for miles across the country in aqueducts.

Throughout history wherever men have established anything like a civilized community they have made an effort to organize and improve the matter of water supply.

On the American farms this question of water supply has always been of great importance. The needs of live stock, of the household, and frequently or irrigation have made it imperative to have a well developed water supply on the farm. Usually, of course, it comes from wells, and in the old days these wells served by

buckets placed on the end of long sweeps which constituted a very clumsy and inefficient method of drawing water from the well. Later came the old wooden hand pump which wasn't much better, and later still the iron pump and the wind mill. This last was the first application of power other than human to pumping of water. On a great many American farms all of these older methods have been supplanted by the automatic electric pump which works silently and efficiently 24 hours in the day. It draws water from the well and stores it under pressure in a tank

from which it runs to faucets all over the house and barn. When a certain amount of water is drawn out of the tank the pump starts automatically and pumps in more water until the rising pressure stops it. Thus finally the whole matter of water supply has been taken off of the farmer's mind and turned over to that best of modern servants, electricity.
